

## Forest Certification and Chain of Custody Statement

Britton Timbers is a processor of fine Tasmanian Oak and Tasmanian Blackwood.

Our logs are sourced from defined forest areas which are certified under the Australian Forestry Standard AS4708:2013.

Our production processes, procedures and ultimately the fine timber we produce are Chain of Custody certified to AS4707:2014 through Fine Timber Tasmania (license number FTT09009). This chain assures that our timber is legally sourced from certified sustainable forest.
